The Columbus Washboard Company, founded in 1895, is the only U.S. washboard manufacturer.

Our Company was founded in 1895 when Frederic Martin built a few washboards in his backyard. The business remained in his family for 104 years.

In 1926, we sold 1,332 washboards. This was our first year of recorded sales

By 1941, sales grew to 1,287,757 washboards.

Throughout our history, 23 different brands of washboards have been manufactured. Many of the original dies have been saved. Designs from early in the 20th Century will be recreated in years to come in the *Columbus Washboard Limited Edition Collection*.

All boards are available unnailed so that the musician can adjust his/her own special touch to the instrument.

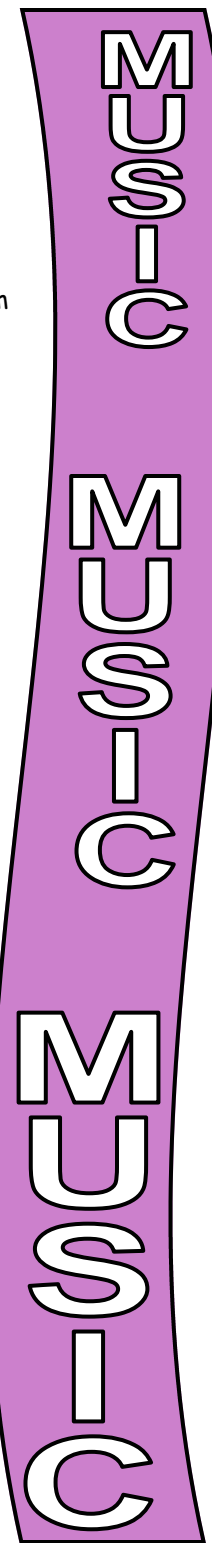

WASHBOARDS TODAY

Washboards are used as decorative pieces for laundry rooms and kitchen walls.

Woodcrafters use washboards to build coffee tables, cabinets, and other furniture.

Professional and amateur musicians use washboards to entertain at festivals and other events around the world.

Believe it or not, many people still use washboards to clean their clothes!

MINI Washboards

5"x10½"

Our decorative Mini Washboard is made from kiln-dried white pine and is hand-assembled. (Available in all rub surfaces except glass and cork.)

Mini Washboards make great promotional items.
